

VTS HS

Specifically designed for Aluminum producers, processors and service centers, the high-speed version of the VTS retains the principal attributes of the base machine but it is enhanced with higher blade speeds, up to 2500 m/min, and it allows for much heavier loads on the table.

VTS HS		
	3000 x 1500 x 1200	3000 x 1500 x 1200
Cutting capacity	square mm 1500 x 1200 table stroke mm 3100	square mm 1500 x 1200 table stroke mm 4100
Blade dimensions	mm 11500 x 41 x 1.3	mm 11500 x 41 x 1.3
Table stroke	mm 3100	mm 4100
Table stroke	m/min 400 ÷ 2300	m/min 400 ÷ 2300
Blade drive	KW 45	KW 45
Total weight	Kg 15000	Kg 16500
